The International Plumbing Code 2000 officially became effective on Thursday, October 24, 2002. The State Code Review Committee has met and is in the process of drafting Administrative Rules. Once these rules are in place, the Committee will begin a review of our proposed amendments. We do have some amendments in place on an interim basis that allows the code to be enforced in this State.

All plumbers attending a seminar after November 1, 2002 must have a copy of the 2000 International Plumbing Code. The interim code amendments will be available at all seminars.

The Board approved the formation of a dispute resolution committee to further the Board's ongoing efforts to ensure the safety and interest of the consumers of plumbing services in New Hampshire and to give both the professional plumbers licensed in the State of New Hampshire and the consumers an efficient way to resolve disputes which do not appear to rise to the level of a violation of the Plumbing Code. The consumer complaints targeted will include disputes and questions concerning fees, timeliness of work and quality of work completed. If you would be interested in volunteering, please contact this office.

Exam questions will be based on the new code as of the March 2003 exam. Apprentice classes will be using the new code as of September 2002.

MASTER PLUMBERS: Please make sure ALL your apprentices have an **APPRENTICE AGREEMENT**. This is separate from the yellow ID card issued by the Plumbing Board. When the apprentice renews his card, we are now requiring that they send a copy of their "Apprentice Agreement". Contact Dick Grandmaison or Jack Jarvis at 225-1444 if you have any questions.

Masters, please make sure all your employees are licensed and that they carry their I.D. card with them. You may be liable if your employee is on the job without the proper identification card.
